The price per audit from thereon in will be increased by 20%, taking the price per audit to **\$275 USD**.

### Content ID Pricing

Every Java ME application needs to have a Content ID associated with it to enable it to be signed. A developer who has been awarded Trusted Status needs to purchase Content IDs for all applications before they are signed by Java Verified.

Each Content ID must be used within 24 months from the date of purchase.

Each Content ID covers signing events for up to 20 applications within a single title. For the 21<sup>st</sup> title, a new Content ID is required.

Example:

A title with 5 applications requires ...	1 Content ID
A title with 20 applications requires...	1 Content ID
A title with 21 applications requires ...	2 Content IDs
A title with 40 applications requires ...	2 Content IDs
A title with 41 applications requires ...	3 Content IDs
